2. Please explain with detailed examples how you have accomplished outcome #1 above.
3. Please explain with detailed examples how you have accomplished outcomes #2 above.

### ***Poster Session*** poster board size 36" x 48"

Design a full size poster to stand on an easel in the entry way/foyer of the building that Convocation is held in September. Stand with the display and explain it to colleagues for 45 minutes before the program starts. Easel will be provided.

Your poster should communicate visually, attract & hold attention, be concise & organized, and stand alone if you're not there.

Your poster session is a good opportunity to explain to colleagues what international activity you did and illustrate the experience and outcomes. You will inspire, make contacts and get useful feedback. People will be walking by so you'll need to capture their attention and communicate your message quickly and succinctly. A successful poster will encourage people to stop to discuss what you did and how it impacted you—and possibly how they can also get involved. Please consider also having a handout with further information and your contact details.
