Executive Director, Management Services  
Seattle Community College  
District Office  
1500 Harvard Avenue  
Seattle, WA 98122-3803  
DUNS ID: 043022045

Dear Mr. Bray:

The National Science Foundation hereby awards a grant of \$123,072 to Seattle Community College District Office for support of the project described in the proposal referenced above as modified by revised budget dated July 6, 2018 and NSF. This award is expected to total \$123,072.

This project, entitled "Pre-Alliance Planning: Puget Sound Alliance," is under the direction of Kalyn S. Owens, Ann J. Murkowski, L. Mark Harrison, Thomas A. Broxson.

This award starts August 1, 2018 and ends January 31, 2020.

This grant is awarded pursuant to the authority of the National Science Foundation Act of 1950, as amended (42 U.S.C. 1861-75) and is subject to Research Terms and Conditions (RTCs) dated March 14, 2017, and NSF Agency Specific Requirements, dated May, 14, 2018, available at: <https://www.nsf.gov/awards/managing/rtc.jsp>, and the following terms and conditions:

This award is subject to the Federal Funding Accountability and Transparency Act (FFATA) award term entitled, Reporting Subawards and Executive Compensation, which has been incorporated into the NSF Terms and Conditions referenced above.

If the awardee has any questions related to the pre-populated data associated with this award in the FFATA Subaward Reporting System, such questions should be submitted to: [FFATAREporting@nsf.gov](mailto:FFATAREporting@nsf.gov) or by phone to: (800) 673-6188.

This award is subject to the provisions of NSF 17-579, Louis Stokes Alliances for Minority Participation (LSAMP).

Pre-College Activities: The LSAMP program does not support pre-college students or activities (i.e., K-12 engagement, high school embedded college coaches, dual enrollment programs, etc.). Bridge programs to help acclimate

<https://www.fastlane.nsf.gov/researchadmin/awardLetterPrintView.do?awardId=1817625...> 8/29/2018

incoming students to college is allowable under the LSAMP solicitation; however, bridge participants must have graduated with a high school diploma and be enrolled in one of the Alliance partner colleges.

**Performance-Based Stipends/Fellowship:** The NSF Louis Stokes Alliances for Minority Participation allows some stipend/fellowship support; however, it is not a student financial aid scholarship program. Only performance-based stipends/fellowships are allowed under this award.

**Fund Management:** Funds may not be reallocated to senior personnel categories without prior approval of the cognizant NSF Program Officer.

In accordance with the proposed advertising costs on this award, all funding shall be limited to those promoting or enhancing attendance at the Louis Stokes Alliance for Minority Participation conferences, meetings, workshops, activities and/or events.

Costs of entertainment, amusement, diversion and social activities, and any costs directly associated with such costs (such as meals, lodging, rentals, transportation and gratuities) are unallowable. When certain meals are an integral and necessary part of a conference or meeting (i.e., working meals where business is transacted), grant funds may be used for such meals. Grant funds may also be used to furnish a reasonable amount of coffee or soft drinks for conference or meeting participants and attendees during coffee breaks. No NSF funds may be spent on meals or coffee breaks for intramural meetings of an organization or any of its components, including, but not limited to, laboratories, departments and centers.

The Foundation authorizes the awardee to enter into the proposed contractual arrangements and to fund such arrangements with award funds up to the amount indicated in the approved budget or NSF-approved post award requests. For awards made or receiving funding amendments after January 25, 2016, such contractual arrangements should contain appropriate provisions consistent with Articles 8.a.4. and 9 of the NSF Grant General Conditions (GC-1) dated January 25, 2016, as well as any special conditions included in this award.

**Governing Board:** The awardee shall establish a Governing Board composed of Presidents and/or Provosts/Vice President of Academic Affairs of all partner institutions to oversee general project operations and to ensure that the alliances goals/objectives are achieved. The purpose of the Board is to provide global perspective, direction, and assistance in broadening the base of support for the implementation and sustainability of LSAMP activities. The project director should report directly to the Governing Board on alliance issues and concerns.

#### Reporting Requirements:

The proposal is revised based on the responses to the clarification questions from the PI dated July 2018.

The awardee will submit all certifications, ad hoc and regular progress reports with content, format and submission timelines designated by NSF and the cognizant NSF Program Officer. The awardee will submit all NSF reports and certifications via FastLane/Research.gov using the appropriate reporting category. Note: For any type of report not specifically mentioned in FastLane/Research.gov, the awardee will use the Interim Reporting function to submit reports.

NSF, an NSF contractor, or a grantee on behalf of NSF, may from time to time conduct program evaluations of LSAMP projects. These may occur at any time during the grant period and sometimes after the grant period has ended. Reasonable cooperation with these efforts is required by the awardee.

In accordance with NSF's new strategic plan, entitled Building the Future: Investing in Discovery and Innovation, NSF Strategic Plan for Fiscal Years (FY) 2018-2022, NSF 18-045, alliance institutions shall comply as necessary with reasonable data requests in support of new approaches and methods for assessing and evaluating the performance of NSF's investments in science and engineering research and education. The URL for NSF's new strategic plan is <https://www.nsf.gov/pubs/2018/nsf18045/nsf18045.pdf>

Incentive payments or gifts to participants must be made in accordance with written institutional policies and procedures and supported by auditable documentation.
